What do we do at Practical Action?
We enable poor communities to build on their skills and knowledge to produce sustainable and practical solutions.

Empowering people to help themselves
Changing lives right across the globe
Transforming livelihoods sustainably
Working with communities to develop solutions
A world free from poverty:
Our hope for the future
Take a look at our smart, simple solutions...
Letting gravity help carry the heavy load
A downward journey of 908 metres takes just 84 seconds.

Upper and lower stations - flood and earthquake resistant up to 7 on the Richter scale.

The trolley takes up to 90kg of goods down the mountain - three times as heavy as the weight of goods coming back up in another trolley.

Built, maintained and run by local people - so fully sustainable.
Be a part of the action!

Visit www.practicalaction.org/ideas to see how your school can get involved.
